Simvastatin in aneurysmal subarachnoid haemorrhage (STASH) – a multicentre randomised controlled clinical phase III study

Dear

You very kindly agreed to take part in this study 6 months ago. I hope your recovery is ongoing.

As part of the study we asked if you could fill out 2 short questionnaires at 6 months. I have therefore enclosed the questionnaires and would be very grateful if you could return them to me in the envelope provided. I also enclose a further information sheet for your information.

If you require any additional information regarding this trial please do not hesitate to contact me.

Many thanks for all your help it really is appreciated.

Yours sincerely

On behalf of the STASH Trial
